

EVelop LLC

MANUFACTURING LEADERSHIP | WORKFORCE DEVELOPMENT | SUCCESSION PLANNING

ACCELERATING THE PEOPLE ENGINE OF MANUFACTURING.

Manufacturing-informed consulting, leadership development and workforce solutions—designed for the operational realities of manufacturers and manufacturing associations.

ENGINEER'S MIND · CONSULTANT'S APPROACH · EDUCATOR'S PRESENCE

● MEET STACEY SCHROEDER

Manufacturing Engineer | Business Owner | Workforce Strategist | Adult Educator

With 12 years of hands-on manufacturing and manufacturing association leadership—and expertise spanning engineering, operations, Lean Six Sigma, business and adult education—Stacey brings a rare combination of industry credibility, strategic insight and engaging presence. She begins every engagement by asking the right questions, identifying the root issue and designing practical solutions connected to business and workforce outcomes.

● *Manufacturing + operations foundation*

Owens Corning - Manufacturing Engineer, Ops Leader
Avient Corp. - Lean Six Sigma Black Belt
Boehringer Ingelheim - Training Ops Leader
Swagelok - Global Learning & Development Leader

● *Manufacturing association leadership*

NTMA - Director, Workforce Development
PMA - Director, Workforce Development
NIMS - Board Member
WiM Ohio - Board Co-Chair

● *The challenges I help address*

New leaders promoted without sufficient preparation
Leadership and workforce development disconnected from business results
Workforce initiatives that lack structure or momentum
Leadership pipelines that depend on informal assumptions
Live and virtual events that need stronger engagement

● *Trusted by manufacturers and industry associations*

NTMA - Emerging Leaders Conf. - emcee & session facilitator
WiM - Chapter Leadership Workshop - session facilitator
WiM - Women in Production Program - designer & builder
IFI - HR & Training Roundtables - designer & facilitator
Sterigenics - Global General Manager & Supervisor development programs - architect and facilitator

One trusted manufacturing partner—from the conference stage to the leadership pipeline.

EVelop LLC

ONE TRUSTED MANUFACTURING PARTNER.

MULTIPLE WAYS TO ENGAGE.

BUILD THE PEOPLE SYSTEM

Workforce + Leadership Consulting

Diagnose the challenge, clarify priorities and build a practical path forward. Support may include workforce strategy, leadership systems, program design, implementation and evaluation.

Succession Planning

Replace unspoken assumptions about future leadership with a practical process for identifying, assessing and developing potential successors.

Custom Leadership Development

Tailored programs combining live, virtual and on-demand learning, practical tools and workplace application to address your organization's specific leadership goals.

ENGAGE THE AUDIENCE

Live & Virtual Workshops & Sessions

Interactive workshops and sessions grounded in manufacturing realities and adult-learning principles—customized to help participants apply new skills, not simply hear new ideas.

Conference Emcee & Program Host

High-energy stage presence that keeps your event flowing, connects the experience across sessions and helps attendees remain engaged from opening remarks through closing.

Roundtable + Session Moderation

Skilled facilitation that draws out insights and keeps discussion productive. Proven ability to build trust, surface diverse perspectives and generate meaningful participation—even in reserved or highly technical groups.

WHAT LEADERS SAY ABOUT STACEY

Allison Grealis, President - WiM

EVelop has been a trusted and valued partner in strengthening and expanding our association's training and educational resources. Stacey is responsive, innovative and creative.

Dan Walker, Managing Director - IFI

Stacey organized and hosted our HR and Training Roundtable, and it was excellent. Her interactions with our managers and staff were terrific, and we look forward to working with her again

Additional client references from manufacturing companies and associations are available upon request.
